GAMES MENU

You are welcome to check out the Game Library and pick out whatever games you’d like, but we ask that you only send 1 - 2 members of your party, please! You can also use this menu order your games through your Server or Game Boss! All games are sorted by their Level, and labelled with their Cubby #, Top Shelf, New Shelf, or Small Games (SG)

WHAT DO THE LEVELS MEAN?

LEVEL ONE Games that usually won’t take too long to get into and can either be taught to you quickly by one of our Game Bosses, or can be learned straight from the rulebook with only a few clarifications needed from a Game Boss, if any.

LEVEL TWO These games usually take little longer to play, mostly in the 30-60 minute range, and it may be faster to have a Game Boss run you through the rules.

LEVEL THREE Games that often take longer than one hour to play, and bridge the gap between our Level 2’s and Level 4’s. There’s a lot of variety in Level 3, and your mileage may vary, so if you’re unsure if it’s the right game for your group - ask a Game Boss for more info!

LEVEL FOUR The big ones! These are games that we recommend you do some research ahead of time, and make sure to set aside a good chunk of your day to learn and play. Our Game Bosses will rarely be able to help you learn these from scratch, but may be able to help answer small questions that crop up along the way!

Keep in Mind: It’s a tricky job to categorize games, as they’re all so varied, interesting and nuanced, but we’ve done our best to help guide you with our level system. Always feel free to ask for assistance, and our Game Bosses are happy to help you make more informed choices on what your group should play next!
